Harvey and Coroner Hance are now inclined to the belief that Mrs. Nesbitt's assailant felled her with a stick of cordwood. They also point out that the slain woman's brother, Russell Drake, built a fire in the furnace with pieces of wood found near a fireplace in the house after the murder was discovered.

Robbery as a possible motive for the killing, entered the maze of conflicting circumstances, when Mrs. Nesbitt's mother said part of BALTIMORE PEOPLE her daughter's silver was missing. Coroner Hance probably will issue a verdict as soon as testimony adduced at the inquest has been transcribed and reviewd. A verdict is expected to read "death at the hands of persons unknown."

First testimony as to the actual condition of Mrs. Nesbitt's body when found was given by a Troy undertaker.

He said there were no bloodstains or tears on Mrs. Neshitt's nightgown: that Mrs. Nesbitt's hands were clenched: her face bore an expression of extreme terror and she had been choked so dents to testify in the grand jury badly her tongue protruded between probe into the nation-wide "gin synher teeth.

ALLIANCE TO HAVE RADIO STATION

ALLIANCE, Ohio, Feb . 25 .-"Sation PLP now broadcasting from Alliance.'

This may be a familiar announcement to radio fans if the Chamber of Commerce is successful in its quest. Formal invitation to locate its proposed new broadcasting station in Alliance has been extended to the Westinghouse Company at East Pittsburg, Pa. The plan to locate KDKA at Mansfield has apparently fallen through and Alliance is the newest city in the field for the station.

Atmospheric conditions in East Pittsburg, said to have scrambled the KDKA wave length, are said to have prompted the company to seek a new site.

COLUMBUS, O., Feb. 25 .-While Columbus police were campaign in the west have caused searching for them, two women said to have been decoys for the state prohibition department remained in hiding today as Governor Vic Donahey resumed his personal investigation of law enforcement methods employed by the dry office. The inquiry was shrouded in utmost secrecy, even newspaper men

being excluded.
The women, Mrs. Ruth Farrell and Goldie Hallam, her roommate, were summoned to appear before the governor yesterday but failed. Each was subpoenaed in connection with the charge that they conspired with State Dry Inspector S. A. Propst and "others" to entrap Marshal Harry Nutt, of the village of Westerville.

The Governor's decision on whether the enforcement office has been guilty of using women to entrap liquor suspects will be forthcoming after he hears additional witnesses, he said.

While police searched for the women, Adjutant General Frank B. Henderson, on instructions of the Governor, began a separate in-quiry of "unjustified raids and free use of firearms" by Propst. Raids specifically mentioned occurred at Dayton, London, Springfield and in other cities. Propst has pleaded not guilty to

"framing" Nutt and the latter has declared the Governor's inquiry is a "white wash" session in which the dry department will benefit Witnesses appearing before the governor have been sworn to secrecy and proceedings in the sessions will not be made public until all testimony has been trans-

Says: Grandest Stomach Medicine in the World

Relief Comes At Once, But, Better Still, Chronic Indigestion Goes For Good.

Get a bottle of Dare's Mentha-Pepsin from Sohn's Drug Store today with the distinct understanding that your money will be promptly returned if it does not stop the most acute stomach disbeen a resident of St. Louis and tress quicker than any remedy you ever used.

Your stomach may be so diswith gas that you think every minute your heart is going to stop beating, yet with one tablespoonful of Dare's Mentha-Pepsin that dreadful feeling of suffocation

will vanish in a few minutes. It's a wonderful formula-this combination of Pepsin with other good stomach invigorators - so wonderful that in one small town in New Jersey, in 1921, over 6,000 bottles were sold.

Never mind what causes your indigestion or gastritis, or how long you have had it, or how many other remedies you have tried, this is the one medicine that will make your old disabled stomach so strong and healthy that you can digest anything you eat without the slightest distress.

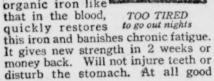

Even catarrh of the stomach can be banished in a reasonable length

And you know that when your stomach is in fine shape, nervousheadaches and dizziness bother you. Every regular druggist guarantees one bottle of Dare's Mentha-Pepsin. Sohn's Drug Store sells lots of it.

fort and well being is very important. And one of the most important things for her to do is to use Mother's Friend to keep the skin and muscles soft and pliable—thus aiding the tissues and muscles to relax and adjust themselves to the changes during motherhood. Mother's Friend is the formula of an eminent physician and has been used by expectant mothers for over three generations. No woman awaiting the joy of motherhood should allow the days to pass without using Mother's Friend.

Mother's Friend.

Mrs. Laura Hendrix. Gracemont. Okla., writes: "I used Mother's Friend with all my babies and I think it is the grandest help that has ever been discovered for expectant mothers. I can't say too much for it."

Mother's Friend is safe for you to use ecause it contains no harmful drugs and because it contains no harmful drugs and is applied externally.

Mother! Insist on Mother's Friend—the same as used by our mothers and grandmothers—don't wait—start using tonight—and meanwhile write Bradfield Regulator Co., Dept. 31, Atlanta, Ga., for free valuable booklet "Motherhood and the Coming Baby" (sent in plain envelope). It tells how Mother's Friend can help you during expectancy and at childbirth. This booklet also tells you many other things you want to know. "Mother's Friend" is sold by all druggists—everywhere.

POVERTY DECREASES.

COVERNMENT statistics were unnecessary to show that G poverty is rapidly decreasing in the United States. For a dozen years it has been apparent and the government now proves it on paper showing there are 78,000 persons in the almhouses of the country this year compared with 84,000

What a contrast this nation provides with the others of the world. Throughout Europe the poorhouse, where they have them, ase tull to overflowing and millions more people are receiving unemployment pensions. England has a large almshouse population. Everywhere in Europe and Asia poverty is said to be increasing. Of course, Africa South America, Central America and the Orient have their history-old condition of poverty under which the lower classes, numbering into the millions of people, are periodically in need of government sustenance.

There are several explanations for the decline of poverty and public dependence in this country. First among them is that the American people are opposed to paternalism. Able-boded men and women who do not work do not eat inculcated into the American people the desire to work and this week here. the ambition to be independent. Another is that the idler is abhorred by society.

MORE SUNLIGHT

AS the sun returns from the south, the world grows healthier. The doctors tell us that we ought to have more Is sunlight, and many advocate the idea of sun baths.

Unfortunately the majority of people are compelled to work indoors, and they do not get the sun for any large part of the time. People who are thus shut up need diversions and occupations like athletic sports and gardening, that will take them out in the sunlight as much as possible.

The people whose work is in the sunlight ought to be thankful that they have an occupation that provides the maximum of favorable conditions for health. Their chances for escaping disease are superior and they are more likely to he physically vigorous. A person who is doing fairly well in such an occupation should not give it up except for but weighty reasons.

THE HABIT OF WALKING.

"IF your feet hurt when walking, keep on walking-in

"If you pay \$5 extra room rent a month to live on a car line, move five blocks away and walk the distance several times a day."

These bits of advice are offered to suffering humanity by the chiropodists who met recently in Chicago. They are well worth following.

In these days of fast motor cars, street cars, and friends who are always willing to "give one a lift," the habit of

walking is rapidly being sidetracked. Nature invented the walking habit in order to keep the green, one tube navy blue and Tomorrow-Contributed Requested future period.—Signed, John B. human system in proper tune. THE ILLINOIS GOVERNOR.

THE status of Governor Len Small, of Illinois, is unique, to say the least. The Supreme Court of the state has held that he must account for and pay over something like Row: Work pattern without de-\$1,000,000 of interest which the state contends he collected while he was treasurer.

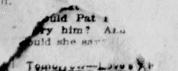

The only question left to decide is just what the sum is that must be paid over to the state. That will be determined by the master in chancery. The decision is that the Governor, while treasurer, received interest on loans of state funds, and failed to turn the money thus received over to the state.

The money, the court holds, did not belong to him, and it also holds that he treated it as though it did belong to og him, not, such is the decision, having accounted for it to the

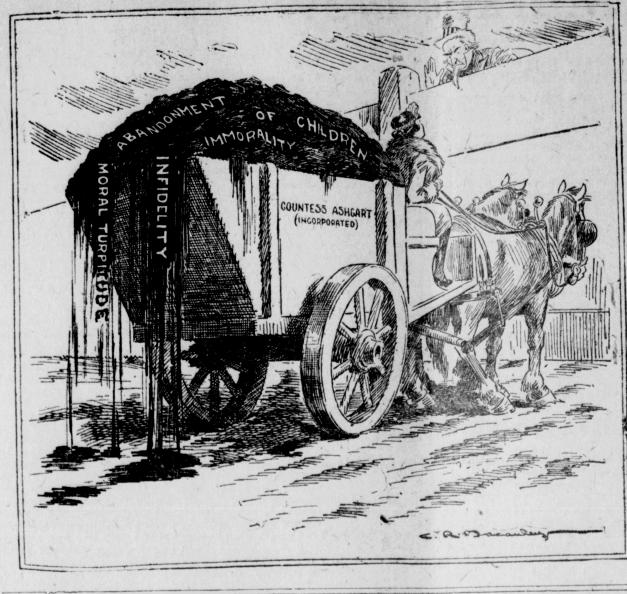

Mhat effect this ruling will have on the official status of Governor Small is difficult to determine. A few years ago the man was indicted on a charge of conspiracy based on the same evidence brought forward in the case just decided, and was acquitted.

There seems to be some conflict between the civil and criminal courts. It is intimated that impeachment proceedings are a possibility. The Illinios constitution provides that a citizen owing money to the state shall be ineligible to state office. But that may mean ineligible to election or appointment to office, and not ineligible in the sense of working a forfeiture of the office after accession thereto.

Under the Constitutional provision Governor Small was ineligible as a candidate for the governorship, since he, as the Supreme Court holds, owed money to the state. Yet the people eeleted him.

Grippe Attacks Weaken Body's Resistance to Germs of Pneumonia -All Colds Should be Treated Promptly.

Deep grippy colds have been unusually prevalent here this winter. The situation is fairly general throughout the States. In some sections these colds are called "influenza," but the majority of health officers report that they are much milder than the original epidemic and resemble more closely the oldfashioned la grippe. They are usually accompanied b ya headache or Consent of the prospective bride achy feeling over the body, "runvas not all that was necessary, for ning of the nose," sneezing and frequently by gastric and intestinal practice of the day and undergo complications such as hiccoughs, nausea, diarrhea, etc.

Colds are too often neglected until they have lowered the vitality sufficiently to permit the lurking germs, which cause pneumonia, bronchitis and influenza to attack the body

Don't Take Chances. The only safe plan is to attack a cold right at the beginning. A hot foot bath, a laxative, a sweat and a vigorous application of Vicks Vapo-Rub at bedtime over throat and

It is not so charming, though, as this quaint affair of taffeta with a whole front of lace frills Mitzi is really quite melancholy to think of all the dresses for spring that are more becoming to Polly than they would be to her! Life's like that "

Undoubtedly the most charming of all of them is this evening gown-a robe de style that is only one fourth of taffeta and the other three fourths of rows and rows of narrow valenciennes lace. Mitzi thinks, and we agree, that Polly can danc's herself into anyone's heart in this.

Hang-On Coughs Go

Why send a boy to do man's work? Sweet, sugary cough syrups nay help a simple cough, but when you are traveling along towards the cemetery with a stubbonn tight old cough that lingers on and on with the most persistent devilishness then you need a real cough medicine—and the realest destroyer of tough old coughs is Bronchuline.

The cough may be so tantalizing that you can't sleep nights and your days may be filled with racking torture, yet that's just the kind of a cough that Bronchuline likes to tackle and conquer. Many times a few doses will

stop the hacking and loosen things

up and you can depend upon half a bottle to make a two months' cough quit cold and disappear. Life is sweet-it will be much sweeter when you get rid of that old time cough. Ask Sayre and Hemphill or any wideawake druggist for a bottle of Bronchuline. There's no dope in it-or chloro form, and a couple of teaspoonfuls will usually end any ordinary cough.—Adv.

Powerful Skin Remedy Discovered

Dries Up Eczema, Barber's Itch and All Skin Eruptions In a Few Days

MUST GIVE RESULTS IN 7 DAYS OR MONEY BACK

This wonderful surgeon's prescripition now known all over America as Moone's Emerald Oil, is so efficient in the treatment of skin diseases that the itching of eczema stops with one application. A few applications and the most persistent case of Eczema is heal-

ed never to return, Moone's Emerald Oil is safe and pleasant to use. It is so powerfully antiseptic that odors arising from ulcers, gangrene and cancer are instantly killed.

Moone's Emerald Oil in the original bottle is dispensed by pharmacists. It is not a patent medicine, but a wonderful prescription of a practicing surgeon. H. L. Sayre always has Moone's Emerald Oil on hand.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga. (adv.)

"Not Possible To Classify"

By Mack Sauer

A few jottings of the day by Samuel Pepys, jr.: Up while the clock went four and wroth at a cat outside my window keeping up a great meowing. Put myself to a study of my affairs and I do find myself tending to my own business more and saving a little money, which God increase.

In a longing mind to go fishing with Verne Faires, the insurance man, but neither of us would dig the worms. Topped in my new spring hat I felt mighty noble and did mak ea great show so that I took delight in walking up and down Detroit St., where I was mightily looked upon. To a baking house to get me some pies, but they a little overbaked ,so walked out.

At the office found my pen that writes with ink kone and I fell to philosophizing with Manager McLaughlin about the need of more honesty in the world, but he gave me no ear and told of how I had lost it perhaps through my own carelessness. After dinner strolled with a salesman who was want to tell me about his business; telling all the way some romantic lies of himself and his job, saying he worked only for pleasure, which I believed to be a devilish lie and made excuse to get away from his jabber.

Jaywalked across the street and shouted at by Officer Thompson to go back and come across in right manner, which I did, though it hurt me to the soul, there being many to see my pride so humbled. Saw a fellow wipe his glasses with a dollar bill and thought of how much more he gets out of his money than I.

In the evening to a dance and danced to my heart's content

As the inquest progressed yesterday, Harvey declared a grand jury would be impanelled immediately-that he believed there was sufficient evidence to merit an indictment. He declined to say whom he suspected

Harvey and Coroner Hance are now inclined to the belief that Mrs. Nesbitt's assailant felled her with a stick of cordwood. They also point out that the slain woman's brother, Russell Drake, built a fire in the furnace with pieces of wood found near a fireplace in the house after the murder was discovered.

Robbery as a possible motive for the killing, entered the maze of mrs. Nesbitt's mother said part of BALTIMORE PEOPLE her daughter's silver was missing. Coroner Hance probably will issue a verdict as soon as testimony adduced at the inquest has been transcribed and reviewd. A verdict is expected to read "death at the hands of persons unknown.'

First testimony as to the actual condition of Mrs. Nesbitt's body when found was given by a Troy undertaker.

WOMEN SUBPOENAED FOR DONAHEY PROBE **OBJECTS OF SEARCH**

Governor Resumes Sessions — Henderson Goes to London

COLUMBUS, O., Feb. 25 .-While Columbus police were searching for them, two women said to have been decoys for the state prohibition department remained in hiding today as Governor Vic Donahey resumed his personal investigation of law enforcement methods employed by the dry office. The inquiry was shrouded in utmost secrecy, even newspaper men

being excluded. The women, Mrs. Ruth Farrell and Goldie Hallam, her roommate, were summoned to appear before the governor yesterday but failed. Each was subpoenaed in connection with the charge that they conspired with State Dry Inspector S. A. Propst and "others" to entrap Marshal Harry Nutt, of the village of Westerville.

Governor's decision whether the enforcement office has been guilty of using women to entrap liquor suspects will be forthcoming after he hears additional witnesses, he said.

While police searched for the women, Adjutant General Frank B. Henderson, on instructions of the Governor, began a separate in-quiry of "unjustified raids and free use of firearms" by Propst. Raids specifically mentioned occurred at Dayton, London, Springfield and

in other cities. Propst has pleaded not guilty to 'framing" Nutt and the latter has "white wash" session in which the dry department will benefit Witnesses appearing before the governor have been sworn to secrecy and proceedings in the ses. sions will not be made public until testimony has been trans-

Things to Know

Before Baby Comes

THE expectant mother's comfort and well being is very important. And one of the most important things for her to do is to use Mother's Friend to keep the skin and muscles soft and pliable—thus aiding the tissues and muscles to relax and adjust themselves to the changes during motherhood. Mother's Friend is the formula of an eminent physician and has been used by expectant mothers for over three generations. No woman awaiting the joy of motherhood should allow the days to pass without using Mother's Friend.

Mrs. Laura Hendrix. Gracemont. Okla. writes: "I used Mother's Friend with all my babies and I think it is the grandest help that has even been discovered for expectant mothers. I can't say too much for it."

Mother's Friend is safe for you to use

expectant mothers. I can't say too intent for it.

Mother's Friend is safe for you to use because it contains no harmful drugs and is applied externally.

Mother'l Insist on Mother's Friend—the same as used by our mothers and grandmothers—don't wait—start using tonight—and meanwhile write Bradfield Regulator Co., Dept. 31, Atlanta, Ga., for free valuable booklet "Motherhood and the Coming Baby" (sent in plain envelope). It tells how Mother's Friend can help you during expectancy and at childbirth. This booklet also tells you many other things you want to know. "Mother's Friend" is sold by all druggists—everywhers.

TEVER a baking-failure! What fairy could make this come true for you—every day of the year? And yet, perpetual cooking-success can be made a fact, for YOU, not by fairies, but by the magic of a certain RED WHEEL that you'll find on the QUICK MEAL Gas Range.

Baking-failure!

A single adjustment of this RED WHEEL and the Lorain Oven Heat Regulator will maintain automatically the temperature you select as best suited for the baking of the particular food or foods you place in the oven.

Perfect Baking, Whole Meal Oven Cooking, Lorain Oven Canning—there's no worry after you've once "set" the RED WHEEL! So why waste your time, strength and money fussing with an old-fashioned stove, when a Lorain-equipped OUICK MEAL Gas Range will perform these wonders for you and thus pay for itself.

QUICK MEAL Gas Ranges are made of rust-resisting ingot iron. Made in a large number of sizes and styles and a variety of finishes-black japan, white, grey or blue fusenamel and semi-enamel. Oven and broiler-linings are enameled and easily removable for cleaning. Durability and convenience mark these stoves as better ranges for every purpose. Ask us for booklet.

POVERTY DECREASES.

COVERNMENT statistics were unnecessary to show that O poverty is rapidly decreasing in the United States. For a dozen years it has been apparent and the government now proves it on paper showing there are 78,000 persons in the almhouses of the country this year compared with 84,000

What a contrast this nation provides with the others of the world. Throughout Europe the poorhouse, where they have them, ase tull to overflowing and millions more people are receiving unemployment pensions. England has a large almshouse population. Everywhere in Europe and Asia poverty is said to be increasing. Of course, Africa South America, Central America and the Orient have their history-old condition of poverty under which the lower classes, numbering into the millions of people, are periodically in need of government sustenance.

There are several explanations for the decline of poverty and public dependence in this country. First among them is that the American people are opposed to paternalism. Able-boded men and women who do not work do not eat in the United States, unless they steal. Secondly, there is Springfield, in a 100-point game that gives promise of being quite inculcated into the American people the desire to work and this week here. the ambition to be independent. Another is that the idler is abhorred by society.

MORE SUNLIGHT

AS the sun returns from the south, the world grows health-ier. The doctors tell us that we ought to have more Sunlight, and many advocate the idea of sun baths.

Unfortunately the majority of people are compelled to work indoors, and they do not get the sun for any large part of the time. People who are thus shut up need diversions and occupations like athletic sports and gardening, that will take them out in the sunlight as much as possible.

The people whose work is in the sunlight ought to be thankful that they have an occupation that provides the maximum of favorable conditions for health. Their chances for escaping disease are superior and they are more likely to he physically vigorous. A person who is doing fairly well in such an occupation should not give it up except for ban weighty reasons.

THE ILLINOIS GOVERNOR.

THE status of Governor Len Small, of Illinois, is unique, to say the least. The Supreme Court of the state has held that he must account for and pay over something like \$1,000,000 of interest which the state contends he collected while he was treasurer.

The only question left to decide is just what the sum is that must be paid over to the state. That will be determined by the master in chancery. The decision is that the Governor, while treasurer, received interest on loans of state funds, and failed to turn the money thus received over to

The money, the court holds, did not belong to him, and it also holds that he treated it as though it did belong to ,og him, not, such is the decision, having accounted for it to the

What effect this ruling will have on the official status of Governor Small is difficult to determine. A few years ago the man was indicted on a charge of conspiracy based on the same evidence brought forward in the case just decided,

There seems to be some conflict between the civil and criminal courts. It is intimated that impeachment proceedings are a possibility. The Illinios constitution provides that a citizen owing money to the state shall be ineligible to state office. But that may mean ineligible to election or appointment to office, and not ineligible in the sense of working a forfeiture of the office after accession thereto.

Under the Constitutional provision Governor Small was ineligible as a capdidate for the governorship, since he, as the Supreme Court holds, owed money to the state. Yet the people eeleted him.

MODISH MITZI-Polly Sticks To Her Type

By JAY-V. JAY

"I really envy you, Polly," Mitzi is saying, "with dresses so feminine and frilly this spring you can buy the most fascinating things!" If Mitzi can find anything to envy Polly for, Polly will follow like a lamb to find out what it is. Notice their hats-both with smart high

Polly is led, of course, to a shop where Mitzi can show her just what it is about spring fashions that she envies Polly. This dress is one thing enviable. It is a ruffed dress of chiffon trimmed with a big bow in front at the waist, Polly likes it best in bois

It is not so charming, though, as this quaint affair of taffeta with a whole front of lace frills Mitzi is really quite melancholy to think of all the dresses for spring that a more becoming to Polly than they would be to her! Life's like that

three fourths of rows and rows of narrow valenciennes lace. Mitzi thinks, and we agree, that Polly can danc's herself into anyone's heart in this.

WHY SUFFER SO?

Back Your Health as Other Xenia Folks Have Done.

Too many people suffer lame, ************** aching backs, distressing kidney disorders and rheumatic aches and pains. Often this is due to faulty kidney action and there's danger of hardened arteries, dropsy gravel or Bright's disease. Don't let weak kidneys wear you out. Use Doan's Pills before it is too late! Doan's are a stimulant diurectic to the kidneys. Doan's have helped thousands. Here is one of many Xenia cases

O. T. Smith, 516 W. Second St. says: "I suffered with sharp pains through my back when I tried to stoop. My back became cramped and I could hardly straighten after stooping. Colds settled on my kidneys, leaving them weak and nights I got up many times to pass the secretions. Doan's Pills relieved the pains in my back and my kidneys were put in normal condition."

Last week Beal invested in 6 brand new smack dab suspender buttons and one pair of NEW galluses! Geared up high like this, he fell on the populace with throttles wide open, the gas button the floor board and his carbureter feedin' a rich mixture!

When the smoke cleared away and the streets had been washed, Beal was found with his hat in his pocket making little marks in an account book!

Mack went up timidly and touched him on the arm and Beal spoke as follows

"I want the TOP of the ad this week to put a palpitating world hep to the fact that I've sold FIVE of these 10-20 McCormick-Deering Tractors this week and also the FIVE sets of TRACTOR PLOWS that go with them! The names of these FIVE wise men read like this

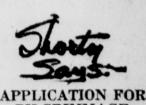

Walter Fitzwater, Cedarville; William R. Wolf, Xenia 3; Edward Hardsock, Xenia 3; Clarence Cook, Xenia 1; Jack OBrien, Jamestown.

Mack started arguing, as related, but you see where Beal landed, don't you?

Faye Fluke is now representing the Studebaker line in Jamestown. Fluke claims he can sell Studebakers, Mack claims Fluke can sell Studebakers, Jack claims Fluke can sell Studebakers and I claim Fluke can sell Studebakers, so that makes it UNANIMOUS!

The first new light Willys-Knight came last week stuck around for 30 minutes and was SOLD and De-LIVERED before anybody had a chance to get even a good LOOK at it!

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recgnized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga. (adv.)

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin

should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and

safe instead of severe and irritating.

No one who takes Olive Tablets is
ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable

compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

"Not Possible To Classify"

By Mack Sauer

A few jottings of the day by Samuel Pepys, jr.: Up while the clock went four and wroth at a cat outside my window keeping up a great meowing. Put myself to a study of my affairs and I do find myself tending to my own business more and saving a little money, which God increase

In a longing mind to go fishing with Verne Faires, the in surance man, but neither of us would dig the worms. Topped in my new spring hat I felt mighty noble and did mak ea great show so that I took delight in walking up and down Detroit St., where I was mightily looked upon. To a baking house to get me some pies, but they a little overbaked ,so walked out.

At the office found my pen that writes with ink kone and I fell to philosophizing with Manager McLaughlin about the need of more honesty in the world, but he gave me no ear and told of how I had lost it perhaps through my own carelessness. After dinner strolled with a salesman who was want to tell me about his business; telling all the way some romantic lies of himself and his job, saying he worked only for pleasure, which I believed to be a devilish lie and made excuse to get away from his jabber.

Jaywalked across the street and shouted at by Officer Thompson to go back and come across in right manner, which I did, though it hurt me to the soul, there being many to see my pride so humbled. Saw a fellow wipe his glasses with a dollar bill and thought of how much more he gets out of his
